Regulation No. 163

## **Regulation for Compiling Reports on Securities**

Issued pursuant to  
Paragraph 2 of Article 39 of  
the Law on Latvijas Banka

### **I. General issues**

1. The Regulation stipulates the procedure for compiling and submitting reports on securities (hereinafter, the Reports) to Latvijas Banka by a credit institution registered in the Republic of Latvia, a branch registered in the Republic of Latvia of a credit institution registered in a foreign country and an investment firm referred to in Paragraph 7 of this Regulation (hereinafter, the investment firm), as well as the report submission timeframe.
2. The terms used in the Regulation are consistent with those provided in the Regulation of Latvijas Banka laying down the procedure for compiling and submitting the "Monthly Financial Position Report", Regulation (EU) No. 549/2013 of the European Parliament and of the Council of 21 May 2013 on the European system of national and regional accounts in the European Union and Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No. 648/2012 (hereinafter, Regulation (EU) No. 575/2013) and their explanations.
3. The information presented in the Reports is necessary for compiling balance of payments and international investment position statistics, financial accounts statistics, securities holdings statistics, investment funds statistics and other financial intermediaries statistics as well as for the purposes of the Single Supervisory Mechanism pursuant to international standards and requirements of the legal acts of the European Union, including those of the European Central Bank.
4. Latvijas Banka may disclose the information provided in the Reports to the institutions referred to in Paragraph 2 of Article 40 of the Law on Latvijas Banka subject to the provisions stipulated in the above Law.

### **II. Procedure for Compiling and Submitting the Reports and Their Submission Timeframe**

5. A credit institution shall compile and submit the following Reports to Latvijas Banka by the 7th business day following the end of the reporting month:

- 5.1. "Monthly Report on Securities with ISIN Codes" (Appendix 1);
- 5.2. "Monthly Report on Securities without ISIN Codes" (Appendix 2);
- 5.3. "Monthly Report on Equity Holdings (as per item 270000 of the "Monthly Financial Position Report" of monetary financial institutions)" (Appendix 3).

6. A credit institution included into the reporting group by the Governing Council of the European Central Bank pursuant to Article 2.4 of Regulation (EU) No 1011/2012 of the European Central Bank of 17 October 2012 concerning statistics on holdings of securities shall compile a "Quarterly report of the securities holdings of the banking group" and submit it to Latvijas Banka by the 30th calendar day following the end of the reporting quarter (Appendix 4). The list of the reporting banking groups is maintained by the European Central Bank. The first "Quarterly Report on the Securities Holdings of the Banking Group" submitted to Latvijas Banka by a credit institution included into the reporting group after the present Regulation taking effect shall cover the first calendar quarter starting after the day of receiving a notification that the credit institution has been included in the reporting group.

7. An investment firm which, pursuant to the legal acts of the Republic of Latvia, is entitled to provide investment services in the Republic of Latvia and which has received a licence for holding financial instruments (ancillary investment services) shall compile and submit the following Reports to Latvijas Banka by the 5th business day following the end of the reporting month:

- 7.1. "Monthly Report on Securities with ISIN Codes" (Appendix 1);
- 7.2. "Monthly Report on Securities without ISIN Codes" (Appendix 2).

8. The total holdings of securities reported under the item "Total holdings of securities (in euro)" in the "Monthly Report on Securities with ISIN Codes" and "Monthly Report on Securities without ISIN Codes" compiled by credit institutions shall equal the total of items 250000, 225300 and 260000 of the "Monthly Financial Position Report".

9. In cases when the issuer has issued the given securities with the intermediation of another company, all items concerning the identification and calculations related to the issuer shall report the data on the final beneficiary of the funds generated by the issue.

10. The Reports shall be submitted to Latvijas Banka electronically in accordance with the regulations of Latvijas Banka governing electronic information exchange with Latvijas Banka.

11. The amounts in euro (translated into euro according to the accounting rate for the respective foreign currency at the end of the last day of the reporting month) or in another currency shall be reported with two decimals, percentage values shall be reported with four decimals and numerical values with eight decimals.

12. The identifiers reported in items "Holder identifier", "Issuer identifier", "Holder LEI", "Issuer LEI", "Immediate parent undertaking identifier" and "Guarantor ID" shall consist of no more than 25 symbols.

13. The format for reporting dates shall be dd.mm.yyyy, where dd – the day, mm – the month, yyyy – the year.

### **III. Procedure for preparing the "Monthly Report on Securities with ISIN Codes"**

14. The "Monthly Report on Securities with ISIN Codes" shall contain information on the securities reported on the asset side of the balance sheet and those held on the financial instrument accounts, including those securities held by the customers of the credit institution or investment firm as at the last day of the reporting month which have been assigned an International Securities Identification Number (hereinafter, the ISIN code) by a participant or an authorised representative of the Association of National Numbering Agencies in compliance with the international standard ISO 6166 "ISIN Codes".

15. A credit institution shall not report securities representing its ownership of a stake in an associated or affiliated company.

### **IV. Procedure for preparing the "Monthly Report on Securities without ISIN Codes"**

16. The "Monthly Report on Securities without ISIN Codes" shall provide information on the securities reported on the asset side of the balance sheet and those held on the financial instrument accounts, including those securities held by the customers of the credit institution or investment firm as at the last day of the reporting month which have not been reported in the "Monthly Report on Securities with ISIN Codes".

17. A credit institution shall not report securities representing ownership of a stake in an associated or affiliated company.

### **V. Procedure for preparing the "Monthly Report on Equity Holdings (as per item 270000 of the "Monthly Financial Position Report" of monetary financial institutions)"**

18. A credit institution shall provide information about the securities representing ownership of a stake in associated or affiliated companies as at the last day of the reporting month in the "Monthly Report on Equity Holdings (as per item 270000 of the "Monthly Financial Position Report" of monetary financial institutions)".

19. The item "Total holdings of securities (in euro)" shall equal item 270000 of the "Monthly Financial Position Report" of monetary financial institutions.

### **VI. Procedure for preparing the "Quarterly Report on the Securities Holdings of the Banking Group"**

20. A credit institution shall provide information about the debt securities, listed shares and investment fund shares/units held by the given banking group as at the last date of the reporting quarter in the "Quarterly Report on the Securities Holdings of the Banking Group", including also the securities issued by the institutions within the given banking group.

21. Items "Issuer name", "Issuer country of residence code", "Issuer sector code", "Issuer NACE sector", "Issue date", "Maturity date", "Instrument code", "Issuer identifier", "Issuer LEI", "Market value of the total holdings of securities (in euro)", "Issuer status", "Issuer status date", "Primary asset class", "Securitised asset class", "Security status", "Security status date", "Arrears for the instrument (in euro)", "Date of arrears for the instrument", "Instrument seniority type", Collateral geographical

location" and "Guarantor ID" shall be reported in case of securities without an ISIN code.

22. Items "Issuer PD (%)", "LGD in downturns (%)", "LGD in normal economic times (%)", "Risk weight (%)", "Exposure value (including default risk exposures; in euro)", "Capital calculation approach" and "Exposure class" shall be reported in case of non-trading book securities.

## **VII. Procedure for Filing in Report Items**

23. The 12-character code of the respective security which has been assigned by a participant or an authorised representative of the Association of National Numbering Agencies in line with the international standard ISO 6166 "ISIN Codes" shall be reported under the item "ISIN codes".

24. The international or unique identifier (consisting of no more than 20 symbols) registered in the accounting system of the respective security shall be reported under the item "ID number".

25. The ISIN code or, where the ISIN code is unavailable, the identifier in compliance with the provisions of Paragraphs 23 and 24 respectively of this Regulation shall be reported under the item "ISIN code/ID number".

26. A full name of the securities issuer shall be reported under the item "Issuer name".

27. The two-letter code of the country of residence of the issuer of the security in accordance with the international standard ISO 3166 "Codes for the Representation of Names of Countries and Their Subdivisions" or the code of an international organisation in accordance with the list of codes and sectors for international organisations maintained by Latvijas Banka shall be stated under the item "Issuer country of residence code".

28. Sector code of the issuer of the security in accordance with Appendix 5 of this Regulation shall be indicated under the item "Issuer sector code". Securities issued by an investment fund and an alternative investment fund, including a money market fund and a pension fund, shall be allocated to particular issuer sectors based on the type of the respective fund.

29. The item "Issuer NACE sector" shall report the four-digit code of the issuer in accordance with the statistical classification of economic activities established by Regulation (EC) No 1893/2006 of the European Parliament and of the Council of 20 December 2006 establishing the statistical classification of economic activities NACE Revision 2 and amending Council Regulation (EEC) No 3037/90 as well as certain EC Regulations on specific statistical domains.

30. The date when the security has been issued shall be indicated under the item "Issue date". In the event of an additional issue, the original issue date shall be indicated.

31. The debt security's maturity date shall be indicated under the item "Maturity date".

32. The financial instrument's code in accordance with Appendix 5 of this Regulation shall be indicated under the item "Instrument code".

33. The code of the currency of the securities issue shall be stated under the item "Currency code" in accordance with the international standard ISO 4217 "Codes for the Representation of Currencies and Funds".

34. The total nominal value of debt securities holdings on the account of each securities holder in the currency of issue shall be reported under the item "Total holdings of securities at nominal value (in the currency of issue)".

35. The coupon rate of the debt security in % on the last day of the reporting month shall be reported under the item "Coupon rate (%)".

36. The two-letter code of the country of residence of the holder of the security in accordance with the international standard ISO 3166 "Codes for the Representation of Names of Countries and Their Subdivisions" or the code of an international organisation in accordance with the list of codes and sectors for international organisations maintained by Latvijas Banka shall be stated under the item "Holder country of residence code", taking into the account that:

36.1. for securities held on behalf of a customer, the code of the country of residence of the respective customer or international organisation shall be reported;

36.2. for securities held on a nominal financial instrument account where it is impossible to indicate the person holding the securities, the code of the country of residence of the holder of the nominal financial instrument account or international organisation shall be reported;

36.3. for securities obtained as a result of a reverse repo transaction, the code of the country of residence of the transaction counterparty or international organisation shall be reported.

37. Under the item "Holder sector code", the sector code of the holder whose code of the country of residence has been stated under the item "Holder country of residence code" shall be reported in accordance with Appendix 5 of this Regulation. Securities contained in the portfolio of an investment fund and an alternative investment fund, a money market fund and a pension fund shall be allocated to particular security holder sectors based on the type of the respective fund.

38. The following shall be reported under the item "Holder identifier":

38.1. In the "Quarterly Report on the Securities Holdings of the Banking Group" – the code of the holder of the respective security according to the lists of financial institutions maintained by the European Central Bank or the holder's registration number in the commercial register of the holder's country of establishment if the holder of this security is not on the lists of financial institutions maintained by the European Central Bank.

38.2. In the "Monthly Report on Securities with ISIN Codes" and "Monthly Report on Securities without ISIN Codes" – the code of the holder of the respective security according to the lists of financial institutions maintained by the European Central Bank or the registration number in the commercial register of the Enterprise Register of the Republic of Latvia if the holder of the particular security is an investment firm, investment management company, insurance company or pension fund registered in the Republic of Latvia.

39. The code of the type of portfolio held by the credit institutions and pension funds in accordance with Appendix 5 of this Regulation shall be reported under the item "Portfolio type".

40. Under the item "Additional information", the code of the respective transaction or intermediation shall be indicated in accordance with Appendix 5 of this Regulation.

41. The item "Total holdings of securities (in euro)" shall report the total value of security holdings in each security holder account in euro (with a minus sign, if the value is negative). The total for this item shall be reported under the item "Sum total".

42. The share of the holding as a percentage of share capital shall be reported under the item "Share of holding (%)".

43. The number of equities and investment fund shares/units on each securities holder account shall be indicated under the item "Number".

44. The total amount of securities issued in the currency of issue shall be reported under the item "Total amount issued (in the currency of issue)".

45. The amount of the issuer's equity (the difference between assets and liabilities) shall be reported in the currency of issue under the item "Issuer equity (in the currency of issue)". Where such data for the current reporting period are unavailable, the information available at the moment of compiling the current report shall be reported.

46. The issuer's profit or loss (losses shall be marked with a "-") for the reporting year incurred during the period from the beginning of the financial year up to the reporting date shall be reported in the currency of issue under the item "Issuer profit or loss for the reporting year (in the currency of issue)". Where such data for the current reporting period are unavailable, the information available at the moment of compiling the current report shall be reported.

47. The code of the issuer of the respective security according to the lists of financial institutions maintained by the European Central Bank or the issuer's registration number in the commercial register of the issuer's country of establishment if the issuer is not on the lists of financial institutions maintained by the European Central Bank shall be reported under the item "Issuer identifier".

### **VIII. Procedure for Filling in Additional Items of the "Quarterly Report on the Securities Holdings of the Banking Group"**

48. The item "Issuer LEI" shall report the legal entity identifier (hereinafter, LEI) of the issuer of the security in accordance with the international standard ISO 17442 : 2012 "Financial Services – Legal Entity Identifier (LEI)".

49. The item "Holder LEI" shall report the LEI of the holder of the security in accordance with the international standard ISO 17442 : 2012 "Financial Services – Legal Entity Identifier (LEI)".

50. The item "Immediate parent undertaking identifier" shall report the security holder's immediate parent undertaking's code according to the lists of financial institutions maintained by the European Central Bank or the holder's immediate parent undertaking's registration number in the commercial register of the holder's immediate parent undertaking's country of establishment if the code of the holder's immediate parent undertaking is not on the lists of financial institutions maintained by the European Central Bank.

51. The item "Issuer status (prudential scope)" shall reflect whether the issuer is a part of the reporting group under the prudential scope by indicating its code in accordance with Appendix 6 of this Regulation.

52. The item "Issuer status (accounting scope)" shall reflect whether the issuer is a part of the reporting group under the accounting scope by indicating its code in accordance with Appendix 6 of this Regulation.

53. The item "Forbearance and renegotiation status" shall report the forbearance and renegotiation status code of the financial instrument issue in accordance with Appendix 6 of this Regulation.

54. The item "Date of the forbearance and renegotiation status" shall report the date on which the financial instrument's forbearance or renegotiation status has changed.

55. The item "Performing status of the instrument" shall report the performing status code in accordance with Appendix 6 of this Regulation.

56. The item "Date of the performing status of the instrument" shall report the date on which the performing status of the instrument has changed:

56.1. if the instrument has been never reported as being in default under the the item "Performing status of the instrument", the issue date shall be indicated;

56.2. if the instrument is in default, the date on which the default status is considered to have arisen shall be reported;

56.3. if the default status has changed into a performing status, the date on which the performing status is considered to have been established shall be reported.

57. The item "Default status of the issuer" shall report the default status code of the issuer in accordance with Appendix 6 of this Regulation.

58. The item "Date of default status of the issuer" shall report the date when the default status of the issuer was changed. If code "14" is reported under the item "Default status of the issuer", the item "Date of default status of the issuer" shall be left unfilled.

59. The item "Default status of the instrument" shall report the financial instrument's default status code in accordance with Appendix 6 of this Regulation.

60. The item "Date of default status of the instrument" shall report the date when the default status of the instrument was changed. If code "14" is reported under the item "Default status of the instrument", the item "Date of default status of the instrument" shall be left unfilled.

61. The item "Accounting standards" shall report the code for the accounting standards applied by the security holder to the particular financial instrument in accordance with Appendix 6 of this Regulation.

62. The item "Market value of the total holdings of securities (in euro)" shall report the total market value of the holdings of securities in each security holder's account on the last date of the reporting quarter in euro.

63. The code designating the type of impairment of the particular security shall be indicated under the item "Type of impairment" in accordance with Appendix 6 of this Regulation.

64. The code designating the type of impairment assessment method applied to the particular security shall be indicated under the item "Impairment assessment method" in accordance with Appendix 6 of this Regulation.

65. The item "Accumulated impairment (in euro)" shall be used to report the loss allowances for the particular security based on the estimated impairment in accordance with the applied accounting standard.

66. The code designating the source of encumbrance of the particular security shall be indicated under the item "Source of encumbrance" in accordance with Appendix 6 of this Regulation.

67. The financial instrument's accounting classification code in accordance with Appendix 6 of this Regulation shall be indicated under the item "Accounting classification of instrument".

68. The item "Prudential portfolio" shall reflect whether the particular security is held on the trading book or non-trading book based on a respective code in accordance with Appendix 6 of this Regulation.

69. The item "Accumulated changes in fair value due to credit risk (in euro)" shall report the accumulated changes in the fair value of the financial instrument due to credit risk of a particular security holder in accordance with Part 2.46 of Annex V of Regulation (EU) No 680/2014.

70. The item "Cumulative recoveries since default (in euro)" shall disclose the total amount recovered since the onset of default of the financial instrument in euro.

71. The item "Issuer PD (%)" reports the issuer's percentage probability of default (hereinafter, PD) over one year determined in accordance with Articles 160, 163, 179 and 180 of Regulation (EU) No 575/2013.

72. The item "LGD in downturns (%)" reports the ratio of loss given default (hereinafter, LGD) during economic downturns in accordance with Article 181 of Regulation (EU) No 575/2013. LGD is the percentage ratio of the amount that could be lost on an exposure during economic downturns due to a default of a financial instrument over a one year period to the amount that would be outstanding at default.

73. The item "LGD in normal economic times (%)" reports the LGD ratio during normal economic development periods. LGD is the percentage ratio of the amount that could be lost on an exposure during normal economic development periods due to a default of a financial instrument over a one year period to the amount that would be outstanding at default.

74. The item "Risk weight (%)" shall disclose the risk weight associated with the exposure expressed in a percentage in accordance with Regulation (EU) No 575/2013.

75. The item "Exposure value (including default risk exposures; in euro)" shall report the exposure value after credit risk mitigation and credit conversion factors in accordance with Regulation (EU) No 680/2014.

76. The item "Capital calculation approach" shall indicate the code designating the standardised approach or the internal ratings based approach (hereinafter, IRB

approach) in accordance with Appendix 6 of this Regulation, used to calculate the risk-weighted values of the respective financial instrument for the purposes of Article 92.3 (a) and (f) of Regulation (EU) No 575/2013.

77. The item "Exposure class" shall be used to indicate the exposure class code in accordance with Regulation (EU) No 575/2013 based on Appendix 6 of this Regulation, depending on whether the standardised or the IRB approach has been used.

78. The item "Issuer status" shall be used to indicate the status code of an issuer of securities without an ISIN code in accordance with Appendix 6 of this Regulation.

79. The item "Issuer status date" shall be used to indicate the date when the issuer status referred to in Paragraph 75 of this Regulation changed. If the item "Issuer status" displays code "100", the issue date of the respective security shall be indicated under the item "Issuer status date".

80. The item "Primary asset class" shall report the most detailed available asset class code in accordance with Appendix 6 of this Regulation.

81. The item "Securitised asset class" shall report the most detailed available securitised asset class code in accordance with Appendix 6 of this Regulation.

82. The code designating the status of the particular security shall be indicated under the item "Security status" in accordance with Appendix 6 of this Regulation.

83. The item "Security status date" shall be used to indicate the date on which the status of the particular security changed. If the item "Security status" displays code "100", the issue date of the respective security shall be indicated under the item "Security status date".

84. The item "Arrears for the instrument (in euro)" shall report the aggregate amount of principal, interest and any fee payment outstanding at the end of the reporting quarter, which is contractually due and has not been paid (past due). "0" is to be reported if the instrument was not past due at the end of the reporting quarter.

85. The item "Date of arrears for the instrument" shall report the date when the respective financial instrument became past due in accordance with Part 2.48 of Annex V of Regulation (EU) No 680/2014.

86. The item "Instrument seniority type" shall report the 3-digit code designating the instrument seniority type, where the first digit indicates the type of guarantee of the financial instrument, the second digit designates the seniority rank of the financial instrument in default and the third digit indicates the security level of the instrument in accordance with Appendix 6 of this Regulation.

87. The item "Collateral geographical location" shall report the country code where the collateral is geographically located in accordance with the international standard ISO 3166 "Codes for the Representation of Names of Countries and Their Subdivisions".

88. The code of the guarantor according to the lists of financial institutions maintained by the European Central Bank or the guarantor's registration number in the commercial register of the guarantor's country of establishment if the guarantor is not on the lists of

financial institutions maintained by the European Central Bank shall be reported under the item "Guarantor ID".

### **IX. Final provisions**

89. Latvijas Banka's Regulation No. 136 "Regulation for Compiling Reports on Securities" of 16 May 2014 (Latvijas Vēstnesis, 2014, No. 102) shall be deemed invalid.

90. Reports on the situation as at the end of August 2018 shall be submitted to Latvijas Banka by 7 September 2018, applying the provisions of Regulation No. 136 "Regulation for Compiling Reports on Securities" of 16 May 2014.

91. A credit institution shall submit the first "Quarterly Report on the Securities Holdings of the Banking Group" covering the third quarter of 2018 to Latvijas Banka by 30 October 2018.

92. The Regulation shall take effect on 1 September 2018.

Deputy Governor of Latvijas Banka

Z. Razmusa

3.	Forbearance and renegotiation status	23	3	Forbearance and refinancing (in accordance with Commission Implementing Regulation (EU) No 680/2014 of 16 April 2014 laying down implementing technical standards with regard to supervisory reporting of institutions according to Regulation (EU) No 575/2013 of the European Parliament and of the Council (hereinafter, Regulation (EU) No 680/2014))
			4	Forbearance and refinancing, with modified terms and conditions and modification of interest rate below market conditions (in accordance with Regulation (EU) No. 1072/2013 of the European Central Bank of 24 September 2013 concerning statistics on interest rates applied by monetary financial institutions)

1	2	3	4	5
			5	Forbearance and refinancing with modified terms and conditions, but without modification of interest rate below market conditions (in accordance with Regulation (EU) No 680/2014)
			8	Not forborne or renegotiated (in accordance with Regulation (EU) No 680/2014)
			9	Renegotiated instrument without forbearance measures (in accordance with Regulation (EU) No 680/2014)
			0	Forbearance and renegotiation status not applicable (intra-group holdings, short positions and equities)
4.	Performing status of instrument	25	1	Instrument non-performing
			11	Instrument performing
			0	Performing status of instrument not applicable (intra-group holdings, short positions and equities)
5.	Issuer and instrument default status	27	14	Not in default
			18	Default because both unlikely to pay and more than 90/180 days past due (issuer could default or instrument become non-performing as referred to in points (a) and (b) of Article 178(1) of Regulation (EU) No 575/2013)
			19	Default because unlikely to pay (issuer could default or instrument become non-performing as referred to in point (a) of Article 178(1) of Regulation (EU) No 575/2013)
			20	Default because more than 90/180 days past due (issuer could default or instrument become non-performing as referred to in point (b) of Article 178(1) of Regulation (EU) No 575/2013)
			0	Not applicable (intra-group holdings, short positions and equities)
6.	Accounting standards	31	1	Accounting portfolios consistent with the national Generally Accepted Accounting Principles (hereinafter, nGAAP; nGAAP accounting portfolios) not consistent with the International Financial Reporting Standard (hereinafter, IFRS) for the purposes of recording financial instruments.

1	2	3	4	5
			2	IFRS consistent accounting portfolios (hereinafter, IFRS accounting portfolios)
			3	nGAAP accounting portfolios consistent with the IFRS for the purposes of recording financial instruments
7.	Type of impairment	33	21	General allowances (in accordance with nGAAP) (the instrument is subject to impairment in accordance with an accounting standard other than IFRS 9 and no specific loss allowances are raised against the securities accounting portfolios)
			23	Stage 1 (IFRS 9)
			24	Stage 2 (IFRS 9)
			25	Stage 3 (IFRS 9)
			26	Specific allowances (in accordance with nGAAP) (the instrument is subject to impairment in accordance with an accounting standard other than IFRS 9 and specific loss allowances are raised against the securities accounting portfolios)
			0	Impairment not applicable
8.	Impairment assessment method	34	1	Collectively assessed
			2	Individually assessed
			0	Impairment assessment method not applicable
9.	Source of encumbrance	36	1	Unencumbered (instrument which has not been pledged, it is not subject to any arrangement to secure, collateralise or credit enhance any instrument from which it cannot be freely withdrawn)
			5	Central bank funding (of all types, including repos) (in accordance with the European Banking Authority's implementing technical standards on asset encumbrance reporting as referred to in Article 99(5) and Article 100 of Regulation (EU) No 575/2013)
			6	Exchange traded derivatives (in accordance with the European Banking Authority's implementing technical standards on asset encumbrance reporting as referred to in Article 99(5) and Article 100 of Regulation (EU) No 575/2013)

1	2	3	4	5
			7	Over-the-counter derivatives (in accordance with the European Banking Authority's implementing technical standards on asset encumbrance reporting as referred to in Article 99(5) and Article 100 of Regulation (EU) No 575/2013)
			8	Deposits (repurchase agreements other than to central banks) (in accordance with the European Banking Authority's implementing technical standards on asset encumbrance reporting as referred to in Article 99(5) and Article 100 of Regulation (EU) No 575/2013)
			9	Deposits other than repurchase agreements (in accordance with the European Banking Authority's implementing technical standards on asset encumbrance reporting as referred to in Article 99(5) and Article 100 of Regulation (EU) No 575/2013)
			10	Debt securities issued (covered bonds) (in accordance with the European Banking Authority's implementing technical standards on asset encumbrance reporting as referred to in Article 99(5) and Article 100 of Regulation (EU) No 575/2013)
			11	Debt securities issued (asset-backed securities; hereinafter, ABSs) (in accordance with the European Banking Authority's implementing technical standards on asset encumbrance reporting as referred to in Article 99(5) and Article 100 of Regulation (EU) No 575/2013)
			12	Debt securities issued (other than covered bonds and ABSs) (in accordance with the European Banking Authority's implementing technical standards on asset encumbrance reporting as referred to in Article 99(5) and Article 100 of Regulation (EU) No 575/2013)

1	2	3	4	5
			13	Other sources of encumbrance (in accordance with the European Banking Authority's implementing technical standards on asset encumbrance reporting as referred to in Article 99(5) and Article 100 of Regulation (EU) No 575/2013)
			0	Source of encumbrance not applicable (intra-group holdings and short positions)
10.	Accounting classification of instruments	37	2	Financial assets held for trading (IFRS accounting portfolios)
			3	Trading financial assets (nGAAP accounting portfolios)
			4	Financial assets designated at fair value through profit or loss (financial assets measured at fair value through profit and loss and designated as such upon initial recognition or subsequently (in accordance with IFRS), except those classified as financial assets held for trading)
			6	Financial assets at amortised cost (IFRS accounting portfolios)
			7	Non-trading non-derivative financial assets measured at fair value through profit or loss (nGAAP accounting portfolios)
			8	Financial assets at fair value through other comprehensive income (due to business model and cash-flows characteristics in accordance with IFRS)
			9	Non-trading non-derivative financial assets measured at fair value to equity (nGAAP accounting portfolios)
			13	Non-trading debt instruments measured at a cost-based method (nGAAP accounting portfolios)
			15	Other non-trading non-derivative financial assets (nGAAP accounting portfolios)
			41	Non-trading financial assets mandatorily at fair value through profit or loss (IFRS accounting portfolios)
			47	Non-trading non-derivative financial assets measured at fair value through profit or loss (nGAAP accounting portfolios)
			49	Financial assets that are investments in associates, joint ventures and subsidiaries (financial assets which are not fully or proportionally consolidated under the regulatory scope of consolidation, except where they shall be classified as held for sale in accordance with IFRS 5).

1	2	3	4	5
			0	Accounting classification of instrument not applicable (intra-group holdings and short positions)
11.	Prudential portfolio	38	1	Trading book securities
			2	Non-trading book securities
			0	Securities outside prudential portfolio (intra-group holdings and short positions)
12.	Capital calculation approach	46	1	IRB approach: 1 250% risk weight (securitisation positions to which a 1 250% risk weight has been assigned for the purposes of calculating the risk-weighted exposure amount in accordance with Article 259(1)(d) of Regulation (EU) No 575/2013)
			18	IRB approach: ratings based method (securitisation positions for which the ratings based method is used for the purposes of calculating the risk-weighted exposure amount in accordance with Article 261 of Regulation (EU) No 575/2013)
			19	IRB approach: Supervisory Formula Method (securitisation positions for which the Supervisory Formula Method is used for the purposes of calculating the risk-weighted exposure amount in accordance with Article 262 of Regulation (EU) No 575/2013)
			25	IRB approach: Internal Assessment Approach (securitisation positions for which the Internal Assessment Approach is used for the purposes of calculating the risk-weighted exposure amount in accordance with Article 259(3) and Article 259(4) of Regulation (EU) No 575/2013)
			30	IRB approach: look-through approach (securitisation positions for which the look-through approach is used for the purposes of calculating the risk-weighted exposure amount in accordance with Article 259(1)(e) of Regulation (EU) No 575/2013)
			33	IRB approach: internal models approach (equity exposures for which the internal models approach is used for the purposes of calculating the risk-weighted exposure amount in accordance with Article 155(4) of Regulation (EU) No 575/2013)
			34	IRB approach: PD/LGD approach (equity exposures for which the PD/LGD approach is used for the purposes of calculating the risk-weighted exposure amount in accordance with Article 155(3) of Regulation (EU) No 575/2013)

1	2	3	4	5
			35	IRB approach: Simple risk weight approach (equity exposures for which the Simple risk weight approach is used for the purposes of calculating the risk-weighted exposure amount in accordance with Article 155(2) of Regulation (EU) No 575/2013)
			42	Standardised approach (the standardised approach to capital calculation used for prudential purposes in accordance with Chapter 2 of Title II of Part Three of Regulation (EU) No 575/2013)
			66	IRB approach: advanced measurement approach (equity exposures for which the credit institution's own estimates of PD are used for the purposes of calculating the risk-weighted exposure amount and the credit institution estimates and uses its own risk parameters in accordance with the supervisory guidelines)
			67	IRB approach: basic indicator approach (equity exposures for which the credit institution's own estimates of PD are used for the purposes of calculating the risk-weighted exposure amount, while for other parameters (e.g. LGD) the values preset by the supervisory authorities are used)
			68	IRB approach: fixed risk weight approach (equity exposures to which fixed risk weights are applied for the purposes of calculating the risk-weighted exposure amount in accordance with Article 155 of Regulation (EU) No 575/2013, except cases when the simple risk weight approach is used or the option to apply the standardised approach to a part of items (on a permanent or a temporary basis) is used)
13.	Exposure classes	47	0	Calculation approach not applicable
			1	Standardised approach: equity exposures
			2	Standardised approach: exposures in default
			3	Standardised approach: exposures in the form of covered bonds
			4	Standardised approach: exposures in the form of units or shares in CIUs
			5	Standardised approach: exposures secured by mortgages on immovable property
			6	Standardised approach: exposures to central governments or central banks

1	2	3	4	5
			7	Standardised approach: exposures to corporates without a short-term credit assessment
			8	Standardised approach: exposures to credit institutions or investment brokers with a short-term credit assessment
			9	Standardised approach: exposures to credit institutions or investment brokers without a short-term credit assessment
			10	Standardised approach: exposures to international organisations
			11	Standardised approach: exposures to multilateral development banks
			12	Standardised approach: exposures to public sector entities
			13	Standardised approach: exposures to regional governments or local authorities
			14	Standardised approach: items associated with a particular high risk
			15	Standardised approach: items representing securitisation positions
			16	Standardised approach: items not included in other exposure classes under the standardised approach
			17	Standardised approach: retail exposures
			51	IRB approach: equity exposures
			52	IRB approach: exposure classes excluding equities, securitisations and other non credit-obligation assets
			53	IRB approach: exposures to central governments or central banks
			54	IRB approach: exposures to corporates – specialised lending
			55	IRB approach: exposures to corporates other than specialised lending
			56	IRB approach: exposures to credit institutions and investment brokers
			57	IRB approach: items representing securitisation positions
			58	IRB approach: other non credit-obligation assets
			59	IRB approach: retail exposures other than revolving or secured by mortgages on immovable property

1	2	3	4	5
			60	IRB approach: retail exposures – qualifying revolving
			61	IRB approach: retail exposures secured by immovable property
			0	Exposure class not applicable
14.	Issuer status	48	100	Issuer without any legal encumbrances
			101	Issuer undergoing liquidation
